Course curriculum · November 2026

LEVEL 01 OF 04 · FOUNDATION

Bosun Foundation Training

Install Bosun and scollector, explore the web UI and write your first expression-based alert on host metrics.

LIVE ONLINE **Max 8-10 hours**	CORPORATE (DAY-WISE) **1 day · Day 1**	SELF-PACED VIDEO **1-year LMS access**
BATCH SIZE **Max 10 learners**	NEXT BATCHES **1st of every month · weekends: first Saturday**	CERTIFICATE **Verifiable certificate of completion**

Foundation	Essential	Intermediate	Advanced
1 day · This curriculum	2 days · Next step	3 days · Later	5 days · Later

INSIDE THIS CURRICULUM

What you will achieve	Outcomes and level focus
Who should attend	Audience and prerequisites
Agenda	10 topics · Foundation
Hands-on labs	1 lab
Formats and fees	Live, 1:1, self-paced, corporate
Trainer and reviews	Rajesh Kumar
Enrolment	Batches, payment, contacts

WHY DEVOPSSCHOOL

- Rated 4.6 on Google
- 1,500+ verifiable certificates issued in the public registry
- Trainer Rajesh Kumar: 20 years in industry
- Small batches: max 10 learners, every session recorded

OUTCOMES

What you will achieve

By the end of the Bosun course path, you will be able to:

1

Write expression-based alerts

Build Bosun alerts that combine queries, baselines and lookups to catch real problems with few false alarms.

2

Operate the alert workflow

Run acknowledgements, silences, escalations and API automation so on-call teams act on the right alerts.

3

Scale and govern monitoring

Size the time-series backend, harden Bosun and plan a governed path to newer alerting platforms.

WHAT THE FOUNDATION LEVEL ADDS

Architecture, installation and first alert

Hands-on: Build a host CPU and memory alert. Install Bosun and scollector on a lab VM, graph CPU and memory metrics, then write an alert with warn and crit thresholds and watch it fire.

WHO SHOULD ATTEND

- Beginners and working professionals who are new to Bosun and want a solid, hands-on start.
- Engineers, analysts, testers and students preparing to use Bosun on real work.
- Leads and managers who want first-hand familiarity with Bosun.

BEFORE YOU START

- No prior Bosun experience is needed.
- Basic computer skills and a laptop with a stable internet connection for the live sessions and labs.
- This curriculum includes every earlier level, so it is complete on its own.

AGENDA · FOUNDATION

Bosun Foundation Training agenda

10 topics. Each level builds on the one before it, so this curriculum lists every earlier level in full. Days are for corporate (day-wise) delivery; live online batches cover the same agenda in max 8-10 hours.

DAY 1 **Foundation: Architecture, installation and first alert** — New at this level

1. Monitoring concepts: metrics, time series, tags, thresholds and why Bosun uses expression-based alerting
2. Bosun architecture: Bosun server, scollector agents, tsdbrelay, OpenTSDB on HBase and the Redis state store
3. Supported backends: OpenTSDB, Graphite, InfluxDB and Elasticsearch query functions in one expression language
4. Installing Bosun: release binary or container image, bosun.toml system settings and the rule file location
5. Installing scollector: Linux and Windows agents, sending to Bosun or OpenTSDB, verifying metrics arrive
6. Web UI tour: Items, Graph, Expression, Rule Editor and Dashboard pages
7. Metric naming and tags: os.cpu, os.mem.used, host tag and designing tag keys with low cardinality
8. First expression: q() query syntax with aggregator, metric, tags, relative start and end times
9. Reduction functions: avg, last, min, max, sum and percentile to turn series into numbers
10. First alert: warn and crit expressions, $variables and viewing alert state on the dashboard

PRACTICE

Hands-on labs

You build these yourself during the course, guided by the trainer.

FOUNDATION **Build a host CPU and memory alert**

Install Bosun and scollector on a lab VM, graph CPU and memory metrics, then write an alert with warn and crit thresholds and watch it fire.

HOW YOU CAN LEARN

Formats and fees

The same agenda in four formats. Fees are in Indian rupees as of November 2026; the course page shows them in your currency.

FORMAT	DURATION	WHAT YOU GET	FEE
Live & interactive (online)	Max 8-10 hours	Instructor-led public batch of max 10 learners with demos, labs, Q&A and assignment review. Weekday batches start on the 1st of every month, weekend batches on the first Saturday of every month.	**INR 34,999**
1:1 live training (online)	Max 8-10 hours, one-to-one	The same agenda, taught one-to-one by the trainer. Starts immediately, without waiting for the next batch; sessions planned around your working hours, at your pace.	**INR 99,999**
Self-paced video	1-year LMS access	All four Bosun levels, plus 20+ more courses and 50+ tools, at your own pace.	**INR 833/month** billed yearly at INR 9,996
Corporate (day-wise)	1 day for this level	A private batch for your team, on demand. Foundation 1 day, Essential 2, Intermediate 3, Advanced 5 (cumulative).	**Quote on request**

ASSESSMENT AND CERTIFICATE

Your progress is checked through hands-on labs and assignments at every level. On completion you receive a DevOpsSchool certificate of completion with a unique credential ID that anyone can verify at devopsschool.com/certificates.

INCLUDED WITH EVERY LIVE BATCH

- Every live session is recorded and stays in your LMS for a year.
- Can't attend your batch? Move to next month's batch.
- Free demo class before you pay.
- Free 10-15 minute call with an advisor or the trainer to check the course fits you.

YOUR TRAINER

Learn from Rajesh Kumar

Principal Architect, trainer and mentor in DevOps, SRE, DevSecOps and platform engineering, with 20 years across 8+ software MNCs, including Staff DevOps/SRE Engineer for a leading Japanese mobile-payment platform and Principal DevOps Architect and Manager in Europe.

20 years in industry	**200+** corporate trainings
10,000+ engineers mentored	**70+** organisations coached

REVIEWS

What learners say

Rated 4.6 on Google · more reviews at devopsschool.com/testimonials and in our video testimonials.

> “Rajesh is very good trainer. Rajesh was able to resolve our queries and question effectively. We really liked the hands-on examples covered during this training program.”
>
> Indrayani, India

> “The training was very useful and interactive. Rajesh helped develop the confidence of all.”
>
> Abhinav Gupta, Pune

START YOUR BOSUN TRAINING

Join the next batch

Weekday batches start on the 1st of every month and weekend batches on the first Saturday of every month, with max 10 learners each. 1:1 training can start immediately; corporate batches run on demand. We reply within 1 hour.
