

# Software Composition Analysis Foundation Training

Curriculum 3 Days

Day - 1

Day - 2

## Day - 3

- - o How to prioritize SCA findings for remediation
  - o How to remediate SCA findings by fixing security vulnerabilities and license compliance issues in the software application code
  - o How to verify that SCA findings have been remediated
- - o How to automate SCA scans
  - o How to use SCA findings to improve the security of development processes
  - o Hands-on exercise: Remediating SCA findings and integrating SCA into the development workflow
