DevOpsSchool

Course curriculum · November 2026

LEVEL 01 OF 04 · FOUNDATION

Gerrit Foundation Training

Understand the Gerrit review model, set up Git and a Gerrit server, and push your first change for review.

LIVE ONLINE **Max 8-10 hours**	CORPORATE (DAY-WISE) **1 day · Day 1**	SELF-PACED VIDEO **1-year LMS access**
BATCH SIZE **Max 10 learners**	NEXT BATCHES **1st of every month · weekends: first Saturday**	CERTIFICATE **Verifiable certificate of completion**

Foundation	Essential	Intermediate	Advanced
1 day · This curriculum	2 days · Next step	3 days · Later	5 days · Later

INSIDE THIS CURRICULUM

What you will achieve	Outcomes and level focus
Who should attend	Audience and prerequisites
Agenda	12 topics · Foundation
Hands-on labs	1 lab
Formats and fees	Live, 1:1, self-paced, corporate
Trainer and reviews	Rajesh Kumar
Enrolment	Batches, payment, contacts

WHY DEVOPSSCHOOL

- Rated 4.6 on Google
- 1,500+ verifiable certificates issued in the public registry
- Trainer Rajesh Kumar: 20 years in industry
- Small batches: max 10 learners, every session recorded

OUTCOMES

What you will achieve

By the end of the Gerrit course path, you will be able to:

1

Run effective code reviews

Push changes, review patch sets, comment and vote in Gerrit with a clean, repeatable workflow.

2

Automate review gates

Integrate Gerrit with CI through votes, SSH commands and the REST API so only verified changes merge.

3

Administer Gerrit reliably

Manage projects, access, accounts, plugins, replication and backups for a team or enterprise Gerrit server.

WHAT THE FOUNDATION LEVEL ADDS

Code review concepts, setup and first change

Hands-on: Install Gerrit and push a first change. Install a single-node Gerrit server, configure Git and SSH, clone a project with the commit-msg hook and push a first change for review.

WHO SHOULD ATTEND

- Beginners and working professionals who are new to Gerrit and want a solid, hands-on start.
- Engineers, analysts, testers and students preparing to use Gerrit on real work.
- Leads and managers who want first-hand familiarity with Gerrit.

BEFORE YOU START

- No prior Gerrit experience is needed.
- Basic computer skills and a laptop with a stable internet connection for the live sessions and labs.
- This curriculum includes every earlier level, so it is complete on its own.

AGENDA · FOUNDATION

Gerrit Foundation Training agenda

12 topics. Each level builds on the one before it, so this curriculum lists every earlier level in full. Days are for corporate (day-wise) delivery; live online batches cover the same agenda in max 8-10 hours.

DAY 1 — Foundation: Code review concepts, setup and first change

New at this level

1. Introduction to Gerrit: web-based code review for Git, Gerrit 3.x architecture, NoteDb and the project hierarchy
2. The Gerrit workflow: push for review, verify, review, submit and merge into the target branch
3. Roles in Gerrit: authors, reviewers, verifiers, project owners and administrators
4. Introduction to code reviews: why pre-merge review matters and what reviewers look for
5. Code review scores: Code-Review -2 to +2 and Verified -1 to +1 votes and what each one means
6. The Gerrit refspec: the refs/for/branch magic branch versus pushing directly to refs/heads
7. Code review requirements: labels and conditions a change must meet before it can merge
8. Setting up and configuring Git on your machine: user.name, user.email, SSH keys and HTTP password
9. Installing Gerrit for a lab: java -jar gerrit.war init -d site, gerrit.config and starting the daemon
10. Cloning from Gerrit: SSH on port 29418 or HTTPS clone and installing the commit-msg hook
11. Creating a change: committing with a Change-Id footer and git push origin HEAD:refs/for/main
12. Viewing your changes in the Gerrit interface: change screen, dashboard and file list

PRACTICE

Hands-on labs

You build these yourself during the course, guided by the trainer.

FOUNDATION

Install Gerrit and push a first change

Install a single-node Gerrit server, configure Git and SSH, clone a project with the commit-msg hook and push a first change for review.

HOW YOU CAN LEARN

Formats and fees

The same agenda in four formats. Fees are in Indian rupees as of November 2026; the course page shows them in your currency.

FORMAT	DURATION	WHAT YOU GET	FEE
Live & interactive (online)	Max 8-10 hours	Instructor-led public batch of max 10 learners with demos, labs, Q&A and assignment review. Weekday batches start on the 1st of every month, weekend batches on the first Saturday of every month.	**INR 34,999**
1:1 live training (online)	Max 8-10 hours, one-to-one	The same agenda, taught one-to-one by the trainer. Starts immediately, without waiting for the next batch; sessions planned around your working hours, at your pace.	**INR 99,999**
Self-paced video	1-year LMS access	All four Gerrit levels, plus 20+ more courses and 50+ tools, at your own pace.	**INR 833/month** billed yearly at INR 9,996
Corporate (day-wise)	1 day for this level	A private batch for your team, on demand. Foundation 1 day, Essential 2, Intermediate 3, Advanced 5 (cumulative).	**Quote on request**

ASSESSMENT AND CERTIFICATE

Your progress is checked through hands-on labs and assignments at every level. On completion you receive a DevOpsSchool certificate of completion with a unique credential ID that anyone can verify at devopsschool.com/certificates.

INCLUDED WITH EVERY LIVE BATCH

- Every live session is recorded and stays in your LMS for a year.
- Can't attend your batch? Move to next month's batch.
- Free demo class before you pay.
- Free 10-15 minute call with an advisor or the trainer to check the course fits you.

YOUR TRAINER

Learn from Rajesh Kumar

Principal Architect, trainer and mentor in DevOps, SRE, DevSecOps and platform engineering, with 20 years across 8+ software MNCs, including Staff DevOps/SRE Engineer for a leading Japanese mobile-payment platform and Principal DevOps Architect and Manager in Europe.

Profile: www.rajeshkumar.xyz · Videos: youtube.com/@TheDevOpsSchool

20 years in industry	**200+** corporate trainings
10,000+ engineers mentored	**70+** organisations coached

REVIEWS

What learners say

Rated 4.6 on Google · more reviews at devopsschool.com/testimonials and in our video testimonials.

> “Rajesh is very good trainer. Rajesh was able to resolve our queries and question effectively. We really liked the hands-on examples covered during this training program.”
>
> Indrayani, India

> “The training was very useful and interactive. Rajesh helped develop the confidence of all.”
>
> Abhinav Gupta, Pune

START YOUR GERRIT TRAINING

Join the next batch

Weekday batches start on the 1st of every month and weekend batches on the first Saturday of every month, with max 10 learners each. 1:1 training can start immediately; corporate batches run on demand. We reply within 1 hour.
