OUTCOMES

What you will achieve

By the end of the ITIL 4 course path, you will be able to:

1

Speak ITIL 4 fluently

Explain the service value system, value chain, four dimensions and guiding principles in the context of your own organisation.

2

Run core service practices

Operate incident, problem, change, request and service level practices with clear records, priorities and metrics.

3

Lead measurable service improvement

Map value streams, set direction and drive continual improvement that shows up in service and business outcomes.

WHAT THE FOUNDATION LEVEL ADDS

ITIL 4 concepts, value system and practices

Hands-on: Map one service to the value chain. Pick a service from your organisation, describe its offering, consumers and outcomes, and trace how a user request flows through the six value chain activities.

WHO SHOULD ATTEND

- Beginners and working professionals who are new to ITIL 4 and want a solid, hands-on start.
- Engineers, analysts, testers and students preparing to use ITIL 4 on real work.
- Leads and managers who want first-hand familiarity with ITIL 4.

BEFORE YOU START

- No prior ITIL 4 experience is needed.
- Basic computer skills and a laptop with a stable internet connection for the live sessions and labs.
- This curriculum includes every earlier level, so it is complete on its own.

Preparing for the exam? This course follows the official exam objectives and includes mock exams. DevOpsSchool is an independent training provider and is not affiliated with PeopleCert and AXELOS.

AGENDA · FOUNDATION

ITIL 4 Foundation Training agenda

14 topics. Each level builds on the one before it, so this curriculum lists every earlier level in full. Days are for corporate (day-wise) delivery; live online batches cover the same agenda in max 8-10 hours.

DAY 1 — Foundation: ITIL 4 concepts, value system and practices

New at this level

1. Introduction: welcome to ITIL 4 Foundation training, our agenda for the training and the ITIL 4 certification roadmap
2. Key concepts of service management: definitions of value, service, product and service management
3. Service offerings: goods, access to resources and service actions, and how products become offerings
4. Service relationship model: service provision, service consumption and service relationship management
5. Value, outputs, outcomes, risks and costs: how providers and consumers co-create value
6. Four dimensions of service management: organizations and people, information and technology, partners and suppliers
7. Value streams and processes: the fourth dimension and the external PESTLE factors that shape all four
8. ITIL service value system: guiding principles, governance, service value chain, practices and continual improvement
9. ITIL service value chain: plan, improve, engage, design and transition, obtain/build, deliver and support
10. ITIL guiding principles: focus on value, start where you are, progress iteratively, collaborate, think holistically, simplify, automate
11. Introduction to ITIL practices: general management, service management and technical management practices
12. General management practices: continual improvement and its approach, relationship, supplier and information security management
13. Service management practices: service desk, service request, incident, problem, continuity, availability and capacity management
14. Release and technical management: release management, deployment management, and the next best move after ITIL 4 Foundation

PRACTICE

Hands-on labs

You build these yourself during the course, guided by the trainer.

FOUNDATION

Map one service to the value chain

Pick a service from your organisation, describe its offering, consumers and outcomes, and trace how a user request flows through the six value chain activities.

HOW YOU CAN LEARN

Formats and fees

The same agenda in four formats. Fees are in Indian rupees as of November 2026; the course page shows them in your currency.

FORMAT	DURATION	WHAT YOU GET	FEE
Live & interactive (online)	Max 8-10 hours	Instructor-led public batch of max 10 learners with demos, labs, Q&A and assignment review. Weekday batches start on the 1st of every month, weekend batches on the first Saturday of every month.	**INR 34,999**
1:1 live training (online)	Max 8-10 hours, one-to-one	The same agenda, taught one-to-one by the trainer. Starts immediately, without waiting for the next batch; sessions planned around your working hours, at your pace.	**INR 99,999**
Self-paced video	1-year LMS access	All four ITIL 4 levels, plus 20+ more courses and 50+ tools, at your own pace.	**INR 833/month** billed yearly at INR 9,996
Corporate (day-wise)	1 day for this level	A private batch for your team, on demand. Foundation 1 day, Essential 2, Intermediate 3, Advanced 5 (cumulative).	**Quote on request**

ASSESSMENT AND CERTIFICATE

Your progress is checked through hands-on labs and assignments at every level. On completion you receive a DevOpsSchool certificate of completion with a unique credential ID that anyone can verify at devopsschool.com/certificates.

INCLUDED WITH EVERY LIVE BATCH

- Every live session is recorded and stays in your LMS for a year.
- Can't attend your batch? Move to next month's batch.
- Free demo class before you pay.
- Free 10-15 minute call with an advisor or the trainer to check the course fits you.

YOUR TRAINER

Learn from Rajesh Kumar

Principal Architect, trainer and mentor in DevOps, SRE, DevSecOps and platform engineering, with 20 years across 8+ software MNCs, including Staff DevOps/SRE Engineer for a leading Japanese mobile-payment platform and Principal DevOps Architect and Manager in Europe.
