DevOpsSchool

Course curriculum · November 2026

LEVEL 01 OF 04 · FOUNDATION

kube-bench Foundation Training

Explain the CIS Kubernetes Benchmark and run kube-bench on a cluster to read its first compliance report.

LIVE ONLINE **Max 8-10 hours**	CORPORATE (DAY-WISE) **1 day · Day 1**	SELF-PACED VIDEO **1-year LMS access**
BATCH SIZE **Max 10 learners**	NEXT BATCHES **1st of every month · weekends: first Saturday**	CERTIFICATE **Verifiable certificate of completion**

Foundation	Essential	Intermediate	Advanced
1 day · This curriculum	2 days · Next step	3 days · Later	5 days · Later

INSIDE THIS CURRICULUM

What you will achieve	Outcomes and level focus
Who should attend	Audience and prerequisites
Agenda	11 topics · Foundation
Hands-on labs	1 lab
Formats and fees	Live, 1:1, self-paced, corporate
Trainer and reviews	Rajesh Kumar
Enrolment	Batches, payment, contacts

WHY DEVOPSSCHOOL

- Rated 4.6 on Google
- 1,500+ verifiable certificates issued in the public registry
- Trainer Rajesh Kumar: 20 years in industry
- Small batches: max 10 learners, every session recorded

OUTCOMES

What you will achieve

By the end of the kube-bench course path, you will be able to:

1

Measure CIS compliance

Scan Kubernetes clusters with kube-bench and interpret every result against the CIS benchmark.

2

Remediate cluster findings

Fix control plane, etcd, kubelet and policy findings and prove the fixes with re-scans.

3

Govern compliance at scale

Automate scanning, reporting and exception handling across a fleet of clusters.

WHAT THE FOUNDATION LEVEL ADDS

CIS Benchmark concepts and first scan

Hands-on: Run your first CIS scan. Run kube-bench as a Job on the control plane and a worker node of a kubeadm cluster and list the failing checks by section.

WHO SHOULD ATTEND

- Beginners and working professionals who are new to kube-bench and want a solid, hands-on start.
- Engineers, analysts, testers and students preparing to use kube-bench on real work.
- Leads and managers who want first-hand familiarity with kube-bench.

BEFORE YOU START

- No prior kube-bench experience is needed.
- Basic computer skills and a laptop with a stable internet connection for the live sessions and labs.
- This curriculum includes every earlier level, so it is complete on its own.

AGENDA · FOUNDATION

kube-bench Foundation Training agenda

11 topics. Each level builds on the one before it, so this curriculum lists every earlier level in full. Days are for corporate (day-wise) delivery; live online batches cover the same agenda in max 8-10 hours.

DAY 1 — Foundation: CIS Benchmark concepts and first scan

New at this level

1. Kubernetes security posture: why configuration hardening matters and where kube-bench fits
2. CIS Kubernetes Benchmark: control plane, etcd, control plane configuration, worker node and policy sections
3. Check results: PASS, FAIL, WARN and INFO, and automated versus manual recommendations
4. kube-bench overview: Aqua Security's open-source Go tool that checks nodes against the CIS benchmark
5. Installing kube-bench: release binaries, OS packages and the aquasec/kube-bench container image
6. Running in a container: host PID namespace and read-only mounts of /etc and /var for node checks
7. Running as a Kubernetes Job: applying job.yaml and reading results with kubectl logs
8. Targets: kube-bench run --targets master,node,etcd,controlplane,policies
9. Reading the report: section summaries, failing check IDs and remediation text
10. Benchmark detection: how kube-bench maps the Kubernetes version to a CIS benchmark version
11. Lab setup: a kubeadm cluster on local VMs or a kind cluster for safe practice

PRACTICE

Hands-on labs

You build these yourself during the course, guided by the trainer.

FOUNDATION

Run your first CIS scan

Run kube-bench as a Job on the control plane and a worker node of a kubeadm cluster and list the failing checks by section.

HOW YOU CAN LEARN

Formats and fees

The same agenda in four formats. Fees are in Indian rupees as of November 2026; the course page shows them in your currency.

FORMAT	DURATION	WHAT YOU GET	FEE
Live & interactive (online)	Max 8-10 hours	Instructor-led public batch of max 10 learners with demos, labs, Q&A and assignment review. Weekday batches start on the 1st of every month, weekend batches on the first Saturday of every month.	**INR 34,999**
1:1 live training (online)	Max 8-10 hours, one-to-one	The same agenda, taught one-to-one by the trainer. Starts immediately, without waiting for the next batch; sessions planned around your working hours, at your pace.	**INR 99,999**
Self-paced video	1-year LMS access	All four kube-bench levels, plus 20+ more courses and 50+ tools, at your own pace.	**INR 833/month** billed yearly at INR 9,996
Corporate (day-wise)	1 day for this level	A private batch for your team, on demand. Foundation 1 day, Essential 2, Intermediate 3, Advanced 5 (cumulative).	**Quote on request**

ASSESSMENT AND CERTIFICATE

Your progress is checked through hands-on labs and assignments at every level. On completion you receive a DevOpsSchool certificate of completion with a unique credential ID that anyone can verify at devopsschool.com/certificates.

INCLUDED WITH EVERY LIVE BATCH

- Every live session is recorded and stays in your LMS for a year.
- Can't attend your batch? Move to next month's batch.
- Free demo class before you pay.
- Free 10-15 minute call with an advisor or the trainer to check the course fits you.

YOUR TRAINER

Learn from Rajesh Kumar

Principal Architect, trainer and mentor in DevOps, SRE, DevSecOps and platform engineering, with 20 years across 8+ software MNCs, including Staff DevOps/SRE Engineer for a leading Japanese mobile-payment platform and Principal DevOps Architect and Manager in Europe.

Profile: www.rajeshkumar.xyz · Videos: youtube.com/@TheDevOpsSchool

20 years in industry	**200+** corporate trainings
10,000+ engineers mentored	**70+** organisations coached

REVIEWS

What learners say

Rated 4.6 on Google · more reviews at devopsschool.com/testimonials and in our video testimonials.

> “Rajesh is very good trainer. Rajesh was able to resolve our queries and question effectively. We really liked the hands-on examples covered during this training program.”
>
> Indrayani, India

> “The training was very useful and interactive. Rajesh helped develop the confidence of all.”
>
> Abhinav Gupta, Pune

START YOUR KUBE-BENCH TRAINING

Join the next batch

Weekday batches start on the 1st of every month and weekend batches on the first Saturday of every month, with max 10 learners each. 1:1 training can start immediately; corporate batches run on demand. We reply within 1 hour.
