OUTCOMES

What you will achieve

By the end of the Ms System Center course path, you will be able to:

1

Manage Windows endpoints centrally

Install and run Configuration Manager to deploy apps, updates and operating systems across devices.

2

Monitor and secure the estate

Use Operations Manager, compliance settings and security controls to keep systems healthy and protected.

3

Scale and modernise management

Design resilient hierarchies and plan co-management and the move to cloud-native endpoint management.

WHAT THE FOUNDATION LEVEL ADDS

Configuration Manager architecture, setup and clients

Hands-on: Install a primary site. Install a Configuration Manager primary site, configure boundaries and discovery and deploy the client and a first app to test machines.

WHO SHOULD ATTEND

- Beginners and working professionals who are new to Ms System Center and want a solid, hands-on start.
- Engineers, analysts, testers and students preparing to use Ms System Center on real work.
- Leads and managers who want first-hand familiarity with Ms System Center.

BEFORE YOU START

- No prior Ms System Center experience is needed.
- Basic computer skills and a laptop with a stable internet connection for the live sessions and labs.
- This curriculum includes every earlier level, so it is complete on its own.

AGENDA · FOUNDATION

Ms System Center Foundation Training agenda

10 topics. Each level builds on the one before it, so this curriculum lists every earlier level in full. Days are for corporate (day-wise) delivery; live online batches cover the same agenda in max 8-10 hours.

DAY 1 — Foundation: Configuration Manager architecture, setup and clients

New at this level

1. Endpoint and operations management: Microsoft Configuration Manager (formerly SCCM) and System Center Operations Manager
2. Configuration Manager architecture: central administration site, primary and secondary sites and site system roles
3. Core site roles: management point, distribution point, software update point and SQL Server site database
4. Prerequisites: Active Directory schema extension, System Management container, Windows ADK and SQL Server
5. Installing a primary site: setup wizard, prerequisite checker and post-install checks
6. Configuration Manager console tour: Assets and Compliance, Software Library, Monitoring and Administration
7. Boundaries and boundary groups: site assignment and content location
8. Discovery methods: Active Directory system, user and group discovery and heartbeat discovery
9. Client installation: client push, manual ccmsetup and client health status
10. First deployment: deploying a simple application to a test collection and checking Software Center

PRACTICE

Hands-on labs

You build these yourself during the course, guided by the trainer.

FOUNDATION

Install a primary site

Install a Configuration Manager primary site, configure boundaries and discovery and deploy the client and a first app to test machines.

HOW YOU CAN LEARN

Formats and fees

The same agenda in four formats. Fees are in Indian rupees as of November 2026; the course page shows them in your currency.

FORMAT	DURATION	WHAT YOU GET	FEE
Live & interactive (online)	Max 8-10 hours	Instructor-led public batch of max 10 learners with demos, labs, Q&A and assignment review. Weekday batches start on the 1st of every month, weekend batches on the first Saturday of every month.	**INR 34,999**
1:1 live training (online)	Max 8-10 hours, one-to-one	The same agenda, taught one-to-one by the trainer. Starts immediately, without waiting for the next batch; sessions planned around your working hours, at your pace.	**INR 99,999**
Self-paced video	1-year LMS access	All four Ms System Center levels, plus 20+ more courses and 50+ tools, at your own pace.	**INR 833/month** billed yearly at INR 9,996
Corporate (day-wise)	1 day for this level	A private batch for your team, on demand. Foundation 1 day, Essential 2, Intermediate 3, Advanced 5 (cumulative).	**Quote on request**

ASSESSMENT AND CERTIFICATE

Your progress is checked through hands-on labs and assignments at every level. On completion you receive a DevOpsSchool certificate of completion with a unique credential ID that anyone can verify at devopsschool.com/certificates.

INCLUDED WITH EVERY LIVE BATCH

- Every live session is recorded and stays in your LMS for a year.
- Can't attend your batch? Move to next month's batch.
- Free demo class before you pay.
- Free 10-15 minute call with an advisor or the trainer to check the course fits you.

YOUR TRAINER

Learn from Rajesh Kumar

Principal Architect, trainer and mentor in DevOps, SRE, DevSecOps and platform engineering, with 20 years across 8+ software MNCs, including Staff DevOps/SRE Engineer for a leading Japanese mobile-payment platform and Principal DevOps Architect and Manager in Europe.
