DevOpsSchool

Course curriculum · November 2026

LEVEL 01 OF 04 · FOUNDATION

Neuvector Foundation Training

Understand container security risks and NeuVector's architecture, install it on Kubernetes and see your first workloads discovered.

LIVE ONLINE **Max 8-10 hours**	CORPORATE (DAY-WISE) **1 day · Day 1**	SELF-PACED VIDEO **1-year LMS access**
BATCH SIZE **Max 10 learners**	NEXT BATCHES **1st of every month · weekends: first Saturday**	CERTIFICATE **Verifiable certificate of completion**

Foundation 1 day · This curriculum	**Essential** 2 days · Next step	**Intermediate** 3 days · Later	**Advanced** 5 days · Later

INSIDE THIS CURRICULUM

What you will achieve	Outcomes and level focus
Who should attend	Audience and prerequisites
Agenda	10 topics · Foundation
Hands-on labs	1 lab
Formats and fees	Live, 1:1, self-paced, corporate
Trainer and reviews	Rajesh Kumar
Enrolment	Batches, payment, contacts

WHY DEVOPSSCHOOL

- Rated 4.6 on Google
- 1,500+ verifiable certificates issued in the public registry
- Trainer Rajesh Kumar: 20 years in industry
- Small batches: max 10 learners, every session recorded

OUTCOMES

What you will achieve

By the end of the Neuvector course path, you will be able to:

1

Secure the container lifecycle

Scan images, registries and running workloads and act on vulnerabilities before and after deployment.

2

Enforce runtime protection

Apply segmentation, process and file controls and admission rules that stop real attacks.

3

Operate container security at scale

Run NeuVector across clusters with policy as code, integrations and audit-ready reporting.

WHAT THE FOUNDATION LEVEL ADDS

Container security basics, architecture and installation

Hands-on: Install NeuVector and discover workloads. Install NeuVector with Helm, deploy a multi-tier demo app and review the learned groups, connections and processes.

WHO SHOULD ATTEND

- Beginners and working professionals who are new to Neuvector and want a solid, hands-on start.
- Engineers, analysts, testers and students preparing to use Neuvector on real work.
- Leads and managers who want first-hand familiarity with Neuvector.

BEFORE YOU START

- No prior Neuvector experience is needed.
- Basic computer skills and a laptop with a stable internet connection for the live sessions and labs.
- This curriculum includes every earlier level, so it is complete on its own.

AGENDA · FOUNDATION

Neuvector Foundation Training agenda

10 topics. Each level builds on the one before it, so this curriculum lists every earlier level in full. Days are for corporate (day-wise) delivery; live online batches cover the same agenda in max 8-10 hours.

DAY 1 — Foundation: Container security basics, architecture and installation

New at this level

1. Introduction to NeuVector: open-source full lifecycle container security platform and its key features
2. Container security basics: image, registry, orchestrator, host and runtime risks in container deployments
3. How NeuVector addresses these risks: discovery, vulnerability management, network and runtime protection
4. Architecture: controller, enforcer, manager, scanner and updater components
5. Deployment options: Kubernetes, Rancher, OpenShift and supported container runtimes
6. Installation and configuration: deploying NeuVector with the Helm chart and checking pods
7. Accessing the manager console: first login, admin password change and licence-free open-source use
8. Discovery mode: how NeuVector learns applications, connections and processes automatically
9. Network activity view: visualising pods, services and connections
10. First policy look: learned groups and rules for a demo application

PRACTICE

Hands-on labs

You build these yourself during the course, guided by the trainer.

FOUNDATION

Install NeuVector and discover workloads

Install NeuVector with Helm, deploy a multi-tier demo app and review the learned groups, connections and processes.

HOW YOU CAN LEARN

Formats and fees

The same agenda in four formats. Fees are in Indian rupees as of November 2026; the course page shows them in your currency.

FORMAT	DURATION	WHAT YOU GET	FEE
Live & interactive (online)	Max 8-10 hours	Instructor-led public batch of max 10 learners with demos, labs, Q&A and assignment review. Weekday batches start on the 1st of every month, weekend batches on the first Saturday of every month.	**INR 34,999**
1:1 live training (online)	Max 8-10 hours, one-to-one	The same agenda, taught one-to-one by the trainer. Starts immediately, without waiting for the next batch; sessions planned around your working hours, at your pace.	**INR 99,999**
Self-paced video	1-year LMS access	All four Neuvector levels, plus 20+ more courses and 50+ tools, at your own pace.	**INR 833/month** billed yearly at INR 9,996
Corporate (day-wise)	1 day for this level	A private batch for your team, on demand. Foundation 1 day, Essential 2, Intermediate 3, Advanced 5 (cumulative).	**Quote on request**

ASSESSMENT AND CERTIFICATE

Your progress is checked through hands-on labs and assignments at every level. On completion you receive a DevOpsSchool certificate of completion with a unique credential ID that anyone can verify at devopsschool.com/certificates.

INCLUDED WITH EVERY LIVE BATCH

- Every live session is recorded and stays in your LMS for a year.
- Can't attend your batch? Move to next month's batch.
- Free demo class before you pay.
- Free 10-15 minute call with an advisor or the trainer to check the course fits you.

YOUR TRAINER

Learn from Rajesh Kumar

Principal Architect, trainer and mentor in DevOps, SRE, DevSecOps and platform engineering, with 20 years across 8+ software MNCs, including Staff DevOps/SRE Engineer for a leading Japanese mobile-payment platform and Principal DevOps Architect and Manager in Europe.

Profile: www.rajeshkumar.xyz · Videos: youtube.com/@TheDevOpsSchool

20 years in industry	**200+** corporate trainings
10,000+ engineers mentored	**70+** organisations coached

REVIEWS

What learners say

Rated 4.6 on Google · more reviews at devopsschool.com/testimonials and in our video testimonials.

> “Rajesh is very good trainer. Rajesh was able to resolve our queries and question effectively. We really liked the hands-on examples covered during this training program.”
>
> Indrayani, India

> “The training was very useful and interactive. Rajesh helped develop the confidence of all.”
>
> Abhinav Gupta, Pune
