Course curriculum · November 2026

LEVEL 01 OF 04 · FOUNDATION

Nikto Foundation Training

Understand what Nikto checks and how it works, install and configure it on Linux and run and read your first authorised web server scan.

LIVE ONLINE **Max 8-10 hours**	CORPORATE (DAY-WISE) **1 day · Day 1**	SELF-PACED VIDEO **1-year LMS access**
BATCH SIZE **Max 10 learners**	NEXT BATCHES **1st of every month · weekends: first Saturday**	CERTIFICATE **Verifiable certificate of completion**

Foundation 1 day · This curriculum	**Essential** 2 days · Next step	**Intermediate** 3 days · Later	**Advanced** 5 days · Later

INSIDE THIS CURRICULUM

What you will achieve	Outcomes and level focus
Who should attend	Audience and prerequisites
Agenda	10 topics · Foundation
Hands-on labs	1 lab
Formats and fees	Live, 1:1, self-paced, corporate
Trainer and reviews	Rajesh Kumar
Enrolment	Batches, payment, contacts

WHY DEVOPSSCHOOL

- Rated 4.6 on Google
- 1,500+ verifiable certificates issued in the public registry
- Trainer Rajesh Kumar: 20 years in industry
- Small batches: max 10 learners, every session recorded

OUTCOMES

What you will achieve

By the end of the Nikto course path, you will be able to:

1

Scan web servers effectively

Install, configure and run Nikto scans that find misconfigurations, outdated software and risky files.

2

Customise and automate Nikto

Extend Nikto with custom tests and plugins and automate it with Nmap, Metasploit and CI pipelines.

3

Turn findings into security

Validate findings, test WAFs and drive risk-based remediation from Nikto results.

WHAT THE FOUNDATION LEVEL ADDS

Web scanning concepts, installation and first scan

Hands-on: Install Nikto and scan a lab. Install Nikto on Kali or Docker, scan a vulnerable lab web server and explain every finding in the output.

WHO SHOULD ATTEND

- Beginners and working professionals who are new to Nikto and want a solid, hands-on start.
- Engineers, analysts, testers and students preparing to use Nikto on real work.
- Leads and managers who want first-hand familiarity with Nikto.

BEFORE YOU START

- No prior Nikto experience is needed.
- Basic computer skills and a laptop with a stable internet connection for the live sessions and labs.
- This curriculum includes every earlier level, so it is complete on its own.

AGENDA · FOUNDATION

Nikto Foundation Training agenda

10 topics. Each level builds on the one before it, so this curriculum lists every earlier level in full. Days are for corporate (day-wise) delivery; live online batches cover the same agenda in max 8-10 hours.

DAY 1 — Foundation: Web scanning concepts, installation and first scan

New at this level

1. Introduction to Nikto: overview of the tool, its features and how it works
2. Web vulnerability scanning basics: DAST, server misconfigurations, default files and outdated software
3. How Nikto works: Perl engine, LibWhisker, test database and plugin-driven checks
4. Legal and ethical scanning: written authorisation, scope and avoiding production impact
5. Installing Nikto on a Linux machine: Kali package, Git clone with Perl dependencies or the Docker image
6. Configuring Nikto for use: nikto.conf, user agent, default ports and SSL libraries
7. Lab targets: intentionally vulnerable web apps such as DVWA and OWASP Juice Shop
8. First scan: nikto -h against a lab web server and what each output line means
9. Reading results: server banner, headers, interesting files and HTTP methods found
10. Scanning web servers with Nikto: performing basic scans and analysing the results

PRACTICE

Hands-on labs

You build these yourself during the course, guided by the trainer.

FOUNDATION

Install Nikto and scan a lab

Install Nikto on Kali or Docker, scan a vulnerable lab web server and explain every finding in the output.

HOW YOU CAN LEARN

Formats and fees

The same agenda in four formats. Fees are in Indian rupees as of November 2026; the course page shows them in your currency.

FORMAT	DURATION	WHAT YOU GET	FEE
Live & interactive (online)	Max 8-10 hours	Instructor-led public batch of max 10 learners with demos, labs, Q&A and assignment review. Weekday batches start on the 1st of every month, weekend batches on the first Saturday of every month.	**INR 34,999**
1:1 live training (online)	Max 8-10 hours, one-to-one	The same agenda, taught one-to-one by the trainer. Starts immediately, without waiting for the next batch; sessions planned around your working hours, at your pace.	**INR 99,999**
Self-paced video	1-year LMS access	All four Nikto levels, plus 20+ more courses and 50+ tools, at your own pace.	**INR 833/month** billed yearly at INR 9,996
Corporate (day-wise)	1 day for this level	A private batch for your team, on demand. Foundation 1 day, Essential 2, Intermediate 3, Advanced 5 (cumulative).	**Quote on request**

ASSESSMENT AND CERTIFICATE

Your progress is checked through hands-on labs and assignments at every level. On completion you receive a DevOpsSchool certificate of completion with a unique credential ID that anyone can verify at devopsschool.com/certificates.

INCLUDED WITH EVERY LIVE BATCH

- Every live session is recorded and stays in your LMS for a year.
- Can't attend your batch? Move to next month's batch.
- Free demo class before you pay.
- Free 10-15 minute call with an advisor or the trainer to check the course fits you.

YOUR TRAINER

Learn from Rajesh Kumar

Principal Architect, trainer and mentor in DevOps, SRE, DevSecOps and platform engineering, with 20 years across 8+ software MNCs, including Staff DevOps/SRE Engineer for a leading Japanese mobile-payment platform and Principal DevOps Architect and Manager in Europe.

Profile: www.rajeshkumar.xyz · Videos: youtube.com/@TheDevOpsSchool

20 years in industry	**200+** corporate trainings
10,000+ engineers mentored	**70+** organisations coached

REVIEWS

What learners say

Rated 4.6 on Google · more reviews at devopsschool.com/testimonials and in our video testimonials.

> “Rajesh is very good trainer. Rajesh was able to resolve our queries and question effectively. We really liked the hands-on examples covered during this training program.”
>
> Indrayani, India

> “The training was very useful and interactive. Rajesh helped develop the confidence of all.”
>
> Abhinav Gupta, Pune

START YOUR NIKTO TRAINING

Join the next batch

Weekday batches start on the 1st of every month and weekend batches on the first Saturday of every month, with max 10 learners each. 1:1 training can start immediately; corporate batches run on demand. We reply within 1 hour.
