DevOpsSchool

Course curriculum · November 2026

LEVEL 01 OF 04 · FOUNDATION

Podman Foundation Training

Install Podman, understand its daemonless architecture and run, inspect and manage rootless containers and images.

LIVE ONLINE **Max 8-10 hours**	CORPORATE (DAY-WISE) **1 day · Day 1**	SELF-PACED VIDEO **1-year LMS access**
BATCH SIZE **Max 10 learners**	NEXT BATCHES **1st of every month · weekends: first Saturday**	CERTIFICATE **Verifiable certificate of completion**

Foundation 1 day · This curriculum	**Essential** 2 days · Next step	**Intermediate** 3 days · Later	**Advanced** 5 days · Later

INSIDE THIS CURRICULUM

What you will achieve	Outcomes and level focus
Who should attend	Audience and prerequisites
Agenda	10 topics · Foundation
Hands-on labs	1 lab
Formats and fees	Live, 1:1, self-paced, corporate
Trainer and reviews	Rajesh Kumar
Enrolment	Batches, payment, contacts

WHY DEVOPSSCHOOL

- Rated 4.6 on Google
- 1,500+ verifiable certificates issued in the public registry
- Trainer Rajesh Kumar: 20 years in industry
- Small batches: max 10 learners, every session recorded

OUTCOMES

What you will achieve

By the end of the Podman course path, you will be able to:

1

Run secure rootless containers

Build, run and troubleshoot rootless containers and pods with Podman, Buildah and Skopeo.

2

Operate containers with systemd

Manage container workloads as systemd services with Quadlet, auto-update and Kubernetes YAML.

3

Harden and migrate at scale

Apply image trust, SELinux and supply-chain controls and migrate Docker workloads to Podman.

WHAT THE FOUNDATION LEVEL ADDS

Podman architecture, install and rootless basics

Hands-on: Run a rootless web container. Install Podman, run Nginx as an unprivileged user with a published port, then inspect its logs, processes and image metadata.

WHO SHOULD ATTEND

- Beginners and working professionals who are new to Podman and want a solid, hands-on start.
- Engineers, analysts, testers and students preparing to use Podman on real work.
- Leads and managers who want first-hand familiarity with Podman.

BEFORE YOU START

- No prior Podman experience is needed.
- Basic computer skills and a laptop with a stable internet connection for the live sessions and labs.
- This curriculum includes every earlier level, so it is complete on its own.

AGENDA · FOUNDATION

Podman Foundation Training agenda

10 topics. Each level builds on the one before it, so this curriculum lists every earlier level in full. Days are for corporate (day-wise) delivery; live online batches cover the same agenda in max 8-10 hours.

DAY 1 — Foundation: Podman architecture, install and rootless basics

New at this level

1. Container fundamentals: images, containers, OCI specifications and how Podman differs from Docker (daemonless, fork-exec)
2. Podman architecture: libpod, conmon, crun or runc, netavark and aardvark-dns, containers/storage
3. Installation: Podman 5 on Fedora, RHEL, Ubuntu and Debian; podman machine and Podman Desktop on macOS and Windows
4. Rootless containers: user namespaces, /etc/subuid and /etc/subgid, rootless vs rootful trade-offs
5. Configuration files: containers.conf, registries.conf, storage.conf and unqualified-search registries
6. First container: podman run, ps, logs, exec, stop and rm with the -d, -it and --rm flags
7. Images: podman pull, images, inspect, tag, rmi and fully qualified names such as docker.io and quay.io
8. Port publishing: -p mappings, rootless ports below 1024 and the pasta rootless network backend
9. Docker compatibility: the podman-docker package, alias docker=podman and command differences
10. Getting help: podman info, podman version, podman system df and the podman man pages

PRACTICE

Hands-on labs

You build these yourself during the course, guided by the trainer.

FOUNDATION

Run a rootless web container

Install Podman, run Nginx as an unprivileged user with a published port, then inspect its logs, processes and image metadata.

HOW YOU CAN LEARN

Formats and fees

The same agenda in four formats. Fees are in Indian rupees as of November 2026; the course page shows them in your currency.

FORMAT	DURATION	WHAT YOU GET	FEE
Live & interactive (online)	Max 8-10 hours	Instructor-led public batch of max 10 learners with demos, labs, Q&A and assignment review. Weekday batches start on the 1st of every month, weekend batches on the first Saturday of every month.	**INR 34,999**
1:1 live training (online)	Max 8-10 hours, one-to-one	The same agenda, taught one-to-one by the trainer. Starts immediately, without waiting for the next batch; sessions planned around your working hours, at your pace.	**INR 99,999**
Self-paced video	1-year LMS access	All four Podman levels, plus 20+ more courses and 50+ tools, at your own pace.	**INR 833/month** billed yearly at INR 9,996
Corporate (day-wise)	1 day for this level	A private batch for your team, on demand. Foundation 1 day, Essential 2, Intermediate 3, Advanced 5 (cumulative).	**Quote on request**

ASSESSMENT AND CERTIFICATE

Your progress is checked through hands-on labs and assignments at every level. On completion you receive a DevOpsSchool certificate of completion with a unique credential ID that anyone can verify at devopsschool.com/certificates.

INCLUDED WITH EVERY LIVE BATCH

- Every live session is recorded and stays in your LMS for a year.
- Can't attend your batch? Move to next month's batch.
- Free demo class before you pay.
- Free 10-15 minute call with an advisor or the trainer to check the course fits you.

YOUR TRAINER

Learn from Rajesh Kumar

Principal Architect, trainer and mentor in DevOps, SRE, DevSecOps and platform engineering, with 20 years across 8+ software MNCs, including Staff DevOps/SRE Engineer for a leading Japanese mobile-payment platform and Principal DevOps Architect and Manager in Europe.

20 years in industry	**200+** corporate trainings
10,000+ engineers mentored	**70+** organisations coached

REVIEWS

What learners say

Rated 4.6 on Google · more reviews at devopsschool.com/testimonials and in our video testimonials.

> “Rajesh is very good trainer. Rajesh was able to resolve our queries and question effectively. We really liked the hands-on examples covered during this training program.”
>
> Indrayani, India

> “The training was very useful and interactive. Rajesh helped develop the confidence of all.”
>
> Abhinav Gupta, Pune

START YOUR PODMAN TRAINING

Join the next batch

Weekday batches start on the 1st of every month and weekend batches on the first Saturday of every month, with max 10 learners each. 1:1 training can start immediately; corporate batches run on demand. We reply within 1 hour.
