OUTCOMES

What you will achieve

By the end of the Service Management course path, you will be able to:

1

Run reliable IT services

Operate incident, request, problem and change practices that restore service fast and prevent repeat issues.

2

Measure and improve services

Use SLAs, KPIs and customer feedback to drive continual improvement across services.

3

Lead service transformation

Align service management with DevOps, governance and value streams across the enterprise.

WHAT THE FOUNDATION LEVEL ADDS

Service management concepts and ITIL 4

Hands-on: Define and map a service. Describe one internal IT service with its consumers, value and support model and map how it flows through the service value chain.

WHO SHOULD ATTEND

- Beginners and working professionals who are new to Service Management and want a solid, hands-on start.
- Engineers, analysts, testers and students preparing to use Service Management on real work.
- Leads and managers who want first-hand familiarity with Service Management.

BEFORE YOU START

- No prior Service Management experience is needed.
- Basic computer skills and a laptop with a stable internet connection for the live sessions and labs.
- This curriculum includes every earlier level, so it is complete on its own.

AGENDA · FOUNDATION

Service Management Foundation Training agenda

10 topics. Each level builds on the one before it, so this curriculum lists every earlier level in full. Days are for corporate (day-wise) delivery; live online batches cover the same agenda in max 8-10 hours.

DAY 1 — Foundation: Service management concepts and ITIL 4

New at this level

1. Service management basics: services, products, service offerings, consumers, providers and service relationships
2. Value co-creation: outcomes, costs, risks, utility and warranty
3. Four dimensions of service management: organisations and people, information and technology, partners, value streams
4. ITIL 4 service value system: opportunity, demand, governance, continual improvement and practices
5. Guiding principles: focus on value, start where you are, progress iteratively, collaborate, keep it simple
6. Service value chain: plan, improve, engage, design and transition, obtain or build, deliver and support
7. Practices overview: general management, service management and technical management practices
8. Key roles: service owner, process owner, service desk agent, incident and change managers
9. ITSM tools landscape: ServiceNow, Jira Service Management, Freshservice and open source options
10. First service definition: describing a service, its users, support hours and contact channels

PRACTICE

Hands-on labs

You build these yourself during the course, guided by the trainer.

FOUNDATION

Define and map a service

Describe one internal IT service with its consumers, value and support model and map how it flows through the service value chain.

HOW YOU CAN LEARN

Formats and fees

The same agenda in four formats. Fees are in Indian rupees as of November 2026; the course page shows them in your currency.

FORMAT	DURATION	WHAT YOU GET	FEE
Live & interactive (online)	Max 8-10 hours	Instructor-led public batch of max 10 learners with demos, labs, Q&A and assignment review. Weekday batches start on the 1st of every month, weekend batches on the first Saturday of every month.	**INR 34,999**
1:1 live training (online)	Max 8-10 hours, one-to-one	The same agenda, taught one-to-one by the trainer. Starts immediately, without waiting for the next batch; sessions planned around your working hours, at your pace.	**INR 99,999**
Self-paced video	1-year LMS access	All four Service Management levels, plus 20+ more courses and 50+ tools, at your own pace.	**INR 833/month** billed yearly at INR 9,996
Corporate (day-wise)	1 day for this level	A private batch for your team, on demand. Foundation 1 day, Essential 2, Intermediate 3, Advanced 5 (cumulative).	**Quote on request**

ASSESSMENT AND CERTIFICATE

Your progress is checked through hands-on labs and assignments at every level. On completion you receive a DevOpsSchool certificate of completion with a unique credential ID that anyone can verify at devopsschool.com/certificates.

INCLUDED WITH EVERY LIVE BATCH

- Every live session is recorded and stays in your LMS for a year.
- Can't attend your batch? Move to next month's batch.
- Free demo class before you pay.
- Free 10-15 minute call with an advisor or the trainer to check the course fits you.

YOUR TRAINER

Learn from Rajesh Kumar

Principal Architect, trainer and mentor in DevOps, SRE, DevSecOps and platform engineering, with 20 years across 8+ software MNCs, including Staff DevOps/SRE Engineer for a leading Japanese mobile-payment platform and Principal DevOps Architect and Manager in Europe.
