DevOpsSchool

Course curriculum · November 2026

LEVEL 01 OF 04 · FOUNDATION

Yaml Foundation Training

Understand where YAML fits among data formats, set up an editor with validation and write and check your first configuration files.

LIVE ONLINE Max 8-10 hours	**CORPORATE (DAY-WISE)** 1 day · Day 1	**SELF-PACED VIDEO** 1-year LMS access
BATCH SIZE Max 10 learners	**NEXT BATCHES** 1st of every month · weekends: first Saturday	**CERTIFICATE** Verifiable certificate of completion

Foundation	Essential	Intermediate	Advanced
1 day · This curriculum	2 days · Next step	3 days · Later	5 days · Later

INSIDE THIS CURRICULUM

What you will achieve	Outcomes and level focus
Who should attend	Audience and prerequisites
Agenda	10 topics · Foundation
Hands-on labs	1 lab
Formats and fees	Live, 1:1, self-paced, corporate
Trainer and reviews	Rajesh Kumar
Enrolment	Batches, payment, contacts

WHY DEVOPSSCHOOL

- Rated 4.6 on Google
- 1,500+ verifiable certificates issued in the public registry
- Trainer Rajesh Kumar: 20 years in industry
- Small batches: max 10 learners, every session recorded

OUTCOMES

What you will achieve

By the end of the Yaml course path, you will be able to:

1

Write correct YAML

Use mappings, sequences, scalars, tags and anchors to write clear, valid YAML documents.

2

Use YAML in DevOps tools

Author Kubernetes, Compose, CI and Ansible files and parse YAML safely in code.

3

Govern configuration at scale

Validate, secure and standardise YAML across teams with schemas, policies and encryption.

WHAT THE FOUNDATION LEVEL ADDS

Data serialisation basics and first YAML files

Hands-on: Write and validate a first YAML file. Write an application configuration file in YAML, lint it with yamllint, fix the reported errors and convert it to JSON to compare the structures.

WHO SHOULD ATTEND

- Beginners and working professionals who are new to Yaml and want a solid, hands-on start.
- Engineers, analysts, testers and students preparing to use Yaml on real work.
- Leads and managers who want first-hand familiarity with Yaml.

BEFORE YOU START

- No prior Yaml experience is needed.
- Basic computer skills and a laptop with a stable internet connection for the live sessions and labs.
- This curriculum includes every earlier level, so it is complete on its own.

AGENDA · FOUNDATION

Yaml Foundation Training agenda

10 topics. Each level builds on the one before it, so this curriculum lists every earlier level in full. Days are for corporate (day-wise) delivery; live online batches cover the same agenda in max 8-10 hours.

DAY 1 — Foundation: Data serialisation basics and first YAML files

New at this level

1. Data serialisation: why configuration and data exchange need human-readable formats
2. YAML, JSON and XML compared: readability, comments, data types and typical uses
3. Where YAML is used: Kubernetes, Docker Compose, Ansible, CI pipelines and application configuration
4. Editor setup: VS Code with the YAML extension, schema association and indentation settings
5. Indentation rules: spaces not tabs, consistent nesting and why whitespace carries meaning
6. First configuration file: simple key and value pairs and a short list for an application
7. File conventions: .yaml versus .yml extensions, UTF-8 encoding and line endings
8. Validation basics: checking syntax with yamllint and an online or editor validator
9. Reading errors: common parser messages and locating indentation mistakes
10. Converting formats: turning JSON into YAML and back with yq or Python

PRACTICE

Hands-on labs

You build these yourself during the course, guided by the trainer.

FOUNDATION

Write and validate a first YAML file

Write an application configuration file in YAML, lint it with yamllint, fix the reported errors and convert it to JSON to compare the structures.

HOW YOU CAN LEARN

Formats and fees

The same agenda in four formats. Fees are in Indian rupees as of November 2026; the course page shows them in your currency.

FORMAT	DURATION	WHAT YOU GET	FEE
Live & interactive (online)	Max 8-10 hours	Instructor-led public batch of max 10 learners with demos, labs, Q&A and assignment review. Weekday batches start on the 1st of every month, weekend batches on the first Saturday of every month.	**INR 34,999**
1:1 live training (online)	Max 8-10 hours, one-to-one	The same agenda, taught one-to-one by the trainer. Starts immediately, without waiting for the next batch; sessions planned around your working hours, at your pace.	**INR 99,999**
Self-paced video	1-year LMS access	All four Yaml levels, plus 20+ more courses and 50+ tools, at your own pace.	**INR 833/month** billed yearly at INR 9,996
Corporate (day-wise)	1 day for this level	A private batch for your team, on demand. Foundation 1 day, Essential 2, Intermediate 3, Advanced 5 (cumulative).	**Quote on request**

ASSESSMENT AND CERTIFICATE

Your progress is checked through hands-on labs and assignments at every level. On completion you receive a DevOpsSchool certificate of completion with a unique credential ID that anyone can verify at devopsschool.com/certificates.

INCLUDED WITH EVERY LIVE BATCH

- Every live session is recorded and stays in your LMS for a year.
- Can't attend your batch? Move to next month's batch.
- Free demo class before you pay.
- Free 10-15 minute call with an advisor or the trainer to check the course fits you.

YOUR TRAINER

Learn from Rajesh Kumar

Principal Architect, trainer and mentor in DevOps, SRE, DevSecOps and platform engineering, with 20 years across 8+ software MNCs, including Staff DevOps/SRE Engineer for a leading Japanese mobile-payment platform and Principal DevOps Architect and Manager in Europe.

Profile: www.rajeshkumar.xyz · Videos: youtube.com/@TheDevOpsSchool

20 years in industry	**200+** corporate trainings
10,000+ engineers mentored	**70+** organisations coached

REVIEWS

What learners say

Rated 4.6 on Google · more reviews at devopsschool.com/testimonials and in our video testimonials.

> “Rajesh is very good trainer. Rajesh was able to resolve our queries and question effectively. We really liked the hands-on examples covered during this training program.”
>
> Indrayani, India

> “The training was very useful and interactive. Rajesh helped develop the confidence of all.”
>
> Abhinav Gupta, Pune

START YOUR YAML TRAINING

Join the next batch

Weekday batches start on the 1st of every month and weekend batches on the first Saturday of every month, with max 10 learners each. 1:1 training can start immediately; corporate batches run on demand. We reply within 1 hour.
